

Used Motor Oil & Filter Recycling Center

Used Motor Oil & Filters can be recycled at the Used Oil Motor Oil & Filter Recycling Center located at the Public Services Center 2613 Texas Ave. South (behind the Police Department)

Recycling is the ONLY proper and legal method of disposal for used motor oil & filters. These items are banned from the landfill, so they cannot be placed in any garbage cart or dumpster.

There are also many local businesses that will accept used motor oil and filters from citizens. For more information on the nearest recycling drop off for used oil and filters please check out our [Bryan / College Station Recycling Directory](#), call the Recycling Coordinator 979-764-6229, or you may also email RecycleRequests@cstx.gov.

Oil Center Directions:

- Pour used oil into the black tanks. DO NOT LEAVE FULL CONTAINERS OF OIL.
- Place used oil filters in the specified collection barrel.
- Utilizethegarbagecontainerlocatednexttothecenterforyouemptycontainers.
- DO NOT DISPOSE OF GASOLINE, PAINT, or ANTIFREEZE in the Used Oil Tanks. For proper disposal call Brazos Valley Solid Waste Management Agency, Inc. about their Household Hazardous Waste Collection (www.bvswma.com or 979-764-3832) or check out the [Bryan / College Station Recycling Directory](#).
- DO NOT drop off bags of recyclables. Any materials left behind may be treated as garbage. For information about drop off locations for any items other than oil or oil filters please checkout the [Bryan / College Station Recycling Directory](#) or call 979-764-6228.
